To whom it may concern

Please find enclosed a copy of correspondence I have received from my lawyer stating that I must pursue a letter from the USPTO in connection with a patent which was granted to our company Derry Industries.

If possible, the letter should contain conformation that the patent was indeed granted and any further information you may have on the company. The patent number is 20060101582.

As company director I must provide this information in relation to discovery of marital assets as I am currently going through a divorce.

Your help in this matter will be greatly appreciated, noting the urgency of this matter as the date of the hearing is March 15.

Please fax this information directly to my lawyer on 01144 2871 318289 att Emma Duffy.

If for any reason you should require more information please do not hesitate to call me on 01144 78455 87908.

Yours sincerely

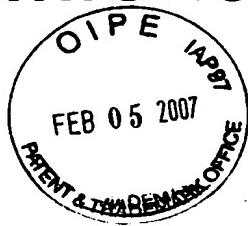

Ciaran Doherty

Dear Ciaran

***RE: Ancillary Relief Proceedings***

We refer to the above matter and our attendance at Belfast High Court on 9<sup>th</sup> January 2007.

We would ask you to note that Master Redpath has now directed that you obtain a letter from the Company Directors to confirm what happened to the tool and indeed what position the marketing is at at present. We are aware that this may be difficult but the Master has now directed that the Directors give this information and this must be done as a matter of urgency.

The Master has further directed that you obtain a letter from the Patent Office confirming that the Patent is issued and giving all the details they have in respect of same.

We would ask you to obtain this information as soon as ever possible and we await hearing from you.

Yours sincerely
